WHAT THE PRESS AGENTS SAY

A Famous City.

Agra, famous throughout the world for its palaces, is one of the most interesting cities in India. A film containing a series of pictures representing life in that city, as well as throughout India, will be presented at the Park Theater tonight. There will be another depicting life in the West, with its cowboys and boys "busting broncos." Miss Atkins is to sing Ada Jones' great song, "Nix on the Glowworm, Lena," and will make a hit. Marina will sing a song of the same character as the Caddy number of last week and the act will have reference to a lawyer's clerk, local and otherwise. The Park is a good place at which to spend an evening.

PRIVATE SCHOOL.

Miss Zimmerman, graduate Kansas State College and student in Teachers' College, U. C., has established her school at the Kilohana Art League building, Beretania and Miller. High school grades have the morning session and lower grades in the afternoon. Tuition, \$1 per month. Applications for tuition will be received at the hall on and after Monday.

LINK RUINING DEMOCRATIC PARTY

Captain Campbell Declares He Can Not Vote for Link McCandless.

"I am a Democrat but I am not voting for, and will not vote for McCandless for delegate to congress," declared Captain Campbell, head of the Inter-Island Steam Navigation Company's ship chandlery. Captain Campbell was named long before the convention as one of the probable Democratic candidates for the board of supervisors or for the house, but when McCandless was found to have absolute control of the policy and personnel of the Democratic party, Captain Campbell, with Colonel McCarthy, Doctor Raymond, Chan Wilder and many other prominent Democrats, withdrew from any and all support of McCandless.

"I am of the opinion that the only reason why McCandless is making this campaign is simply to satisfy an inordinate ambition to get into congress, whether he ruins the party or not. I am not for McCandless."

CALIFORNIA TO SUPPLY HAY FOR PHILIPPINES

WASHINGTON, September 19.—San Francisco today won the big hay contract for the Philippines over competitors from St. Paul, New York, Kansas City, Seattle and other wholesale centers. W. A. Miller is the successful bidder. His figure was \$1.04 per hundred for 10,000 tons of grain hay, or a total of \$208,000.

Congressman Kahn is entitled to an important share of the credit for landing the contract for his State. For some time there has been a ban on California hay at the War Department, and participation in the Philippines bid was absolutely refused. Inferior shipments sent to the islands, as reported by the Army officers, had hurt the State's produce. Kahn made a protest directly to Secretary Dickinson last winter. He offered to have a sample shipment sent to the Philippines and also demanded a test of the hay at the Agricultural Department.

The Congressman had his way finally, and the report of the Agricultural Department on the samples submitted from California by today's successful bidder was that it was as good as is grown anywhere in the United States.

50% OF THE POPULATION OF THE U. S.

live in rural districts remote from physicians or drug stores, and they are obliged to depend upon proprietary medicines to a very great extent.

To the women in these homes such standard remedies as Lydia E. Pinkham's Vegetable Compound come as a boon and a blessing. Records show that it has cured more women of those dread feminine ills than any other remedy.

WILL TALK TO BUSINESS MEN

Heads of Commercial Houses to Hear G. O. P. Issues.

Pursuant to an invitation issued by Chairman Atkinson of the Republican Central Committee and Committee men R. W. Shingle and Albert Waterhouse, representing the fourth and fifth districts respectively, heads of all the business houses of the city are expected to attend a meeting at the chamber of commerce rooms at three o'clock this afternoon, when the issues of the present political campaign will be expressed briefly, straightforwardly and the rumors results to follow should McCandless' policy prevail, will be presented.

It is a business man's meeting strictly, and the issues will be placed before them by business men, as well as some of those whose names appear upon the party's ticket.

The real reasons why it is expected that disaster to commercial interests will follow if McCandless is elected to represent Hawaii in congress will be set forth in a manner which is expected to prove the case.

BAREFOOT DANCER SCUFFS UP SLIVER

ALAMEDA, September 13.—When Mme. Margaret Barry, enacting the role of Eve in the recent presentation of "The Death of Eve" at the union meeting of the Adelphean Club, died dramatically in the final act, she expired with a sliver in her right heel. The sliver was not originally in the play on in the pink heel; it formed a part of a board on the stage.

In the last act Mme. Barry danced in her bare feet to the music of Chopin's "Funeral March." As she sank to the platform in the death scene she felt a sharp pain in her right heel. She "died" in agony.

Vigorous applause greeted the scene. When the curtain fell, the barefoot dancer limped to her dressing room and had the sliver drawn forth.

"As I sank to the floor in the dying scene," said Mme. Barry, "and stiffened in the throes of simulated death, I felt something sharp pierce my right heel. I surmised that it was a sliver. I could not ease the pain or remove the splinter without spoiling the scene, and therefore bore the suffering. Previous to doing the barefoot dance I sought to have a canvas cover spread over the stage, but none was to be had."

BOARD WILL LOSE WATKINS AND CASTLE

Norman Watkins has resigned from the board of license commissioners, and this resignation will be followed by that of A. L. Castle, both being candidates for the house of representatives on the Republican ticket. While their successors have not been named, there is likelihood of Willard Brown succeeding Watkins, while C. H. Cooke will again resume the duties of chairman.

The law requires office-holders who hold appointive positions to resign should they become candidates for elective offices. The board loses two strong members, although the house will profit by their election to that body.

SCORES IN LEAGUE BASEBALL GAMES

SAN FRANCISCO, September 29.—The fight between New York and Pittsburgh for second place in the National League is the big topic of interest now in baseball circles, as the league pennants are already clinched. New York and the Pirates both won today, and are so close that the loss of a single game is a serious matter.
